

NFOG 2023

	Presenter first name	Presenter last name	Title	Category	Abstract number
MON 14.45-16.00	Ganesh	Acharya	Prediction of fetal acidemia before delivery using machine learning in an experimental sheep model	2. Obstetrics	O14
MON 14.45-16.00	Mårten	Ageheim	Differences in fetal growth trajectories after fresh and frozen embryo transfer, and natural conception: a population-based register study in Sweden	3. Fetal Medicine	O9
TUE 15.00-16.17	Lise Lotte Torvin	Andersen	Decision threshold for Kryptor sFlt-1/PlGF ratio in women with suspected preeclampsia: Retrospective study in a routine clinical setting	2. Obstetrics	O36
TUE 10.30-11.45	Ellika	Andolf	Caesarean section on maternal request	2. Obstetrics	O24
WED 08.30-10.00	Karen	Andreassen	"Stop Intimate Partner Violence in Pregnancy (STOP)"- a digital safety intervention addressing intimate partner violence during pregnancy in Denmark	2. Obstetrics	O48
TUE 10.30-11.45	Linda	Aukia	Sleep duration and sleep loss during pregnancy- a longitudinal cohort study	2. Obstetrics	O23
MON 14.45-16.00	Øystein	Bergøy	Longitudinal reference range for the pulsatility index of fetal inferior adrenal arteries	3. Fetal Medicine	O11
MON 13.00-14.15	Sophia	Brismar Wendel	Lateral episiotomy or not in vacuum assisted delivery in nulliparous women to reduce obstetric anal sphincter injury: A randomized controlled trial	2. Obstetrics	O1
WED 08.30-10.00	Hanna	De Ruyter	Association between maternal factors and risk of metabolic-associated fatty liver disease in offspring	1. Global Health	O45
TUE 10.30-11.45	Gunvor	Ekman-Ordeberg	Tafoxiparin a new drug candidate (Phase II B) for cervical and uterine priming at planned delivery	2. Obstetrics	O17
WED 08.30-10.00	Hilde	Engjom	European population-based surveillance of COVID-19 in pregnancy -the INOSS network	8. Other	O49
MON 13.00-14.15	Bitá	Eshraghi	Risk of obstetric anal sphincter tear among primiparous women with a history of female genital mutilation, giving birth in Sweden	2. Obstetrics	O8
WED 08.30-10.00	Borghild	Farsund	Beneficial effect of breastfeeding on offspring body weight and asthma: consequence or pre-existing risk profile?	1. Global Health	O47
TUE 10.30-11.45	Julie	Glavind	Niche development after closure of cesarean uterotomy by double-suture or single-suture technique (NICUM): a randomized trial	2. Obstetrics	O19
MON 13.00-14.15	Sindre	Grindheim	Secondary fear of birth after instrumental vaginal delivery, Bergen birth study.	2. Obstetrics	O3
TUE 13.00-14.30	Anne	Hammer	Risk of progression of cervical intraepithelial neoplasia grade 2 by HPV vaccination status	5. General Gynaecology	O26
TUE 13.00-14.30	Anne	Hammer	Declining effectiveness of treatment for cervical precancer in Denmark	5. General Gynaecology	O25
WED 08.30-10.00	Anne	Hammer	The risk of cervical cancer following active surveillance for cervical intraepithelial neoplasia grade 2	7. Gynaecological Oncology	O51
WED 08.30-10.00	Annina	Haverinen	Sex hormone-binding globulin predicts hypercoagulability during hormonal contraceptive use	5. General Gynaecology	O42
TUE 13.00-14.30	Nea	Helle	Miscarriage treatment-related adverse events in Finland: results of a nationwide registry study 1998-2016	4. Reproduction	O29
MON 14.45-16.00	Malin	Holzmann	Frequency of fetal blood sampling, delivery mode and neonatal outcome after revised CTGclassification and updated lactate meter in Sweden	2. Obstetrics	O13
MON 13.00-14.15	Malin	Huber	Use of endoanal ultrasound in detecting obstetric anal sphincter injury immediately after birth	2. Obstetrics	O2
MON 14.45-16.00	Linda	Iorizzo	Proposed cutoff for fetal scalp blood lactate in intrapartum fetal surveillance based on neonatal outcomes: a large prospective observational study	3. Fetal Medicine	O10
TUE 15.00-16.22	Anders Hagen	Jarmund	Decoding the immune and lipid landscape of preeclampsia: A study of disease subtypes and activity	2. Obstetrics	O41
TUE 10.30-11.45	Karin	Johnson	Variations in the use of oxytocin for augmentation of labour – a population-based cohort study	2. Obstetrics	O18
MON 14.45-16.00	Emma DYE	Jonasson	Reduced fetal movements and perinatal outcome: A retrospective population-based cohort study after implementation of new national guidelines	2. Obstetrics	O12
MON 13.00-14.15	Jørg	Kessler	Classification of intrapartum cesarean deliveries: a prospective nationwide study in Norway – the Nor-Why Cesarean study	2. Obstetrics	O6
TUE 15.00-16.19	Anna	Kivioja	Polygenic risk scores for pre-eclampsia and hypertension reflect predisposition to both preeclampsia and later cardiovascular morbidity	2. Obstetrics	O38
MON 13.00-14.15	Lisa	Kogner	Duration of first stage of labor, severe perineal lacerations and maternal complications in the early postpartum period	2. Obstetrics	O4
TUE 10.30-11.45	Sedina Atic	Kvalvik	The impact of sepsis on maternal deaths in the Nordic countries.	2. Obstetrics	O21
TUE 13.00-14.30	Sedina Atic	Kvalvik	Obstetric infections and clinical characteristics of maternal sepsis. A hospital-based historical cohort study.	2. Obstetrics	O33
MON 13.00-14.15	Linnea	Ladfors	External validation of the California Maternal Quality Care Collaborative postpartum hemorrhage risk assessment tool in Sweden	2. Obstetrics	O7
TUE 10.30-11.45	Katariina	Laine	Reduced cesarean section rates in Norway and associations with perinatal and neonatal health	2. Obstetrics	O20
WED 08.30-10.00	Julie Røgler	Langås	The dose-response relationship of premenopausal alcohol consumption with age at menopause: a population study of 280,497 women in Norway	8. Other	O43
TUE 15.00-16.21	Louise	Lundborg	Temporal trends in maternal pre-existing chronic conditions during pregnancy in Sweden and Canada, 1999-2019	2. Obstetrics	O40
TUE 13.00-14.30	Leonidas	Magarakis	SALpingectomy for STERilisation (SALSTER), a Swedish register-based randomized trial: first results on perioperative outcomes	5. General Gynaecology	O30
TUE 13.00-14.30	Johanna	Melin	Fertility counselling and fertility preservation among early-onset female cancer patients – A Finnish registry-based study	4. Reproduction	O28
TUE 15.00-16.16	Johanna	Molin	Neonatal outcome following metformin-treated gestational diabetes mellitus: A prospective population-based cohort study	2. Obstetrics	O35
TUE 15.00-16.20	Paliz	Nordlöf Callbo	Associations between mid-pregnancy cardiovascular biomarkers and preeclampsia	2. Obstetrics	O39

WED 08.30-10.00	Kristina	Pettersson	Pregnancy management of women living with human immunodeficiency virus 2010-2019 in Stockholm, Sweden	2. Obstetrics	O46
WED 08.30-10.00	Terhi	Piltonen	Data Resource Profile: Women's health study (WENDY) - a protocol of a population-based study assessing gynecological and metabolic health in women	5. General Gynaecology	O44
TUE 13.00-14.30	Elina	Rasp	Psychiatric disorders following diagnosis of endometriosis at a young age – a longitudinal cohort study in Finland	5. General Gynaecology	O31
WED 08.30-10.00	Nete Lundager Klokke	Rausgaard	National screening of substance use in pregnancy among Danish women	2. Obstetrics	O50
TUE 15.00-16.15	Mariell	Ryssdal	Metformin treatment during PCOS pregnancies and its impact on maternal infections and offspring allergy and eczema	2. Obstetrics	O34
TUE 10.30-11.45	Julia	Savchenko	Swedish perinatal Core Outcome Set (SPeCOS) for management of labor and delivery at or near term	2. Obstetrics	O22
TUE 13.00-14.30	Finn Egil	Skjeldestad	Treatment CIN: May women with a negative co-test at first follow-up visit return to 3-year screening?	7. Gynaecological Oncology	O27
TUE 13.00-14.30	Berit Rein	Solhaug	Subjective and objective cure rates up to 20 years after tension-free vaginal tape (TVT) surgery	6. Urogynaecology	O32
MON 13.00-14.15	Edmund	Sovik	Resuscitative endovascular balloon occlusion of the aorta (REBOA) as adjunct treatment in life threatening postpartum haemorrhage	8. Other	O5
MON 14.45-16.00	Ellen	Ternby	Pregnant women's informational needs prior to decisions about prenatal screening and diagnosis in Sweden	3. Fetal Medicine	O15
MON 14.45-16.00	Anastasia	Trouva	Offspring anthropometrics associated with maternal thyroid function in pregnant women with polycystic ovary syndrome treated with metformin or placebo	2. Obstetrics	O16
TUE 15.00-16.18	Liisa	Verho	Stroke recurrence and subsequent pregnancy outcome after pregnancy-associated stroke	2. Obstetrics	O37
